UNIT 1 – REVOLUTIONS THAT INFLUENCED THE WORLD

- ❖ American War of Independence
- ❖ French Revolution
- ❖ Russian Revolution

AMERICAN WAR OF INDEPENDENCE

● Europeans migration to North America	● The entire continent assembles
● England established 13 colonies in the Eastern coast of North America	● Petition to the King of England
● Mercantilist Laws	● War between England and Continental colonies.
● Influence of thinkers	● Declaration of Independence

- ❖ The British treated the American colonies as centres for collecting raw materials for their industry and as market for selling the products. The struggle for independence from of the colonies was known as the American War of Independence

Causes of American war of Independence

- ❖ Wrong tax policy of British Government
- ❖ Mercantilist laws
- ❖ Influence of thinkers

Tax policy of British Government

The British collect tax from 13 American colonies according to their needs and as they saw fit. But the colonies had no representation in government.

“No taxation without representation” this slogan was raised by the people of America as part of a powerful agitation.

Mercantilism

- The British treated the American colonies as centres for collecting raw materials for their industry and as market for selling their products. This policy implemented by the British merchants with the help of their motherland in the American colonies, is known as Mercantilism

Mercantilist Laws

- | |
|---|
| ● The goods to and from the colonies must be carried only in British ships or ships built in the British colonies |
| ● British stamp must be affixed on all the legal documents, news paper,
● Pamphlets, license, etc. |
| ● Import tax must be paid for the import of tea, glass, paper, etc. |
| ● Products of the colonies like sugar, wool, cotton, tobacco, etc. could only be exported to England |
| ● Colonies must provide food and quarters for the British troops which were maintained in the colonies. |

The ideologies of Thinkers

- No taxation without representation by framed by James Ottis.
- The ideologies of some thinkers also stimulated the people of the colonies to fight against the exploitative laws of the British – John Locke, Thomas Paine
- John Locke – Everyone has some fundamental rights. No government has the right to suspend them.

- Thomas Paine – There is something absurd, in supposing a continent (North America) be perpetually governed by a foreign power (England).

Boston Tea Party on 16 December 1773 fired up strong protest in America

● **First Continental Congress.**

The delegates of all the colonies except Georgia met at Philadelphia in 1774 to protest against the policies and rules imposed by England. It is known as the First continental congress.

Subsequently, people of the colonies submitted a petition to the King of England. They demanded the revocation of the regulations enforced on industry and commerce and not to impose tax without the approval of the people. But the king sent a military force to suppress the people. This led to the war between England and the colonies.

❖ **Second Continental Congress**

The Second Continental Congress held at Philadelphia in 1775 elected George Washington as the commander – in – chief of the Continental Army.

During this time, through the pamphlet titled ‘Common Sense’, Thomas Paine declared that it was wise for the Americans to break the ties with Britain

❖ **Declaration of Independence**

The American Continental Congress issued the famous Declaration of Independence on 4 July 1776. The declaration was prepared by Thomas Jefferson, and Benjamin Franklin.

❖ **13 Colonies become Independent**

According to the Treaty of Paris in 1783, England ratified the freedom of thirteen colonies.

The constitution Convention held at Philadelphia under the leadership of James Madison, framed the American Constitution.

George Washington – the first president of the United States of America

Regarding human rights and freedom, what all can you find in the Declaration of Independence?

- All are equal
- Everyone has certain rights People have unalienable rights.
- Right to life, liberty and pursuit of happiness
- Destructive government must be changed

The American War of Independence transformed the system existed there. The American War of Independence greatly influenced the later history of the world

<p>❖ Results / Influences</p> <ul style="list-style-type: none"> ● Gave direction and motivation to the later freedom struggles and revolutions all over the world ● Put forward the concept of republican form of government ● Prepared the first written constitution. ● Contributed to the concept of federal system that ensured freedom and authority of states in the union
--

Model Questions

1. Write a short note on the Mercantilist Laws
2. Match the following

A	B
1775	Declaration of Independence
John Locke	George Washington as the commander – in – chief of the Continental Army
Thomas Paine	A petition to the King of England
1776	Everyone has some fundamental rights
1774	There is something absurd, in supposing a continent

3. According to which treaty the independence of the 13 colonies was recognized?
4. When did the war between England and the American colony end?
5. What were the results of the American Revolution?
6. What was the slogan chanted in the American colonies? Who designed it?
7. Explain the factors that led to the American War of Independence on the following hints
 - Mercantilist laws Continental congress

THE FRENCH REVOLUTION

Causes of French Revolution

- ❖ The dictatorial rule of the kings and the life of luxury and they were squanders
- ❖ The social and economic inequality existed in France.
- ❖ Influence of thinkers

Louis XIV	Louis XV	Mary Antoinette
“I am the state.”	“After me, the deluge.”	“If they can’t eat bread, let

(God has given absolute power to the King over his subjects and only god has the authority to question him)		them eat cake.”
---	--	-----------------

FRENCH SOCIETY

First Estate	Second Estate	Third Estate
Clergy	Nobility	The middle class including traders writers lawyers, officials, teachers, bankers, farmers and craftsmen
<ul style="list-style-type: none"> ● Held vast land ● Collected the tax called 'Tithe' from farmers ● Exempted from all taxes ● Controlled higher positions in administrative and military service 	<ul style="list-style-type: none"> ● Engaged in military service ● Collected various taxes from farmers ● Made farmers work without wages ● Exempted from taxes ● Led luxurious life ● Held vast land 	<ul style="list-style-type: none"> ● No role in the administration ● Paid land Tax namely Taille to the government ● Low social status ● Paid taxes to clergy and no roles.

Traditionally, each Estate would vote as group and had one vote. As a result, the nobility and the clergy could always overrule the Third Estate.

The first two Estates argued for Estate-wise single voting system, while the Third Estate (the Commons) demanded individual vote for each member of all the three estates.

While the arguments went on, the members of the Third Estate declared themselves as the National Assembly of France. They assembled in the tennis court nearby, and swore not to leave until they had framed a constitution of France. This event is

known as the “Tennis Court Oath”.

Various thinkers and streams of thought in France played an important role in making the people aware of the inequalities and exploitation.

- Ridiculed the exploitation of clergy.
- Promoted rational thinking, ideals of equality and humanism.

Rousseau

- Spelled out the importance of freedom with the statement, ‘Man is born free, but everywhere he is in chains.’
- Declared that the people are the sovereign.

Montesquieu

- Encouraged democracy and the Republic.
- Suggested division of powers of the government into legislature, executive, and judiciary

The luxurious life and squander of the Bourbon kings, clergy and lords and the frequent wars they waged, along with the frequent spells of drought and crop failure, brought France to the brink of bankruptcy. The financial and military assistance given to American colonies in the American War of Independence also aggravated the financial crisis in France. To levy new taxes upon commoners, **Louis XVI** summoned the States General, the legislative assembly of the representatives from all the three estates, in 1789.

14 July 1789 Revolutionaries stormed with the slogan ‘liberty, equality, and fraternity’, demolished the Bastille prison, the symbol of Bourbon monarchy. This event is considered as the commencement of the French Revolution

1. Demolition of the Bastille prison	3. October, 1789-Thousands of women marched from Paris to the Palace of Versailles with the slogan ‘Give us bread’.
2. 12 August 1789-The National Assembly passed the Declaration of the Rights of Man and of the Citizen.	4. September, 1792 The National Convention, formed as per the new constitution, proclaimed France as a republic

When France sneezes, the rest of Europe catches cold – Metternich, the Austrian Chancellor Influence / impact of French Revolution

Stimulated all the later revocations in the world.	Ended the feudal system in Europe, and threatened the autocratic rulers
Proclaimed the nation is not merely a	Contributed the concept of people’s

region, but the people	sovereignty
Led to the emergence of nationalism	Helped the emergence of nationalism
Helped the growth of the middle class	Spread the ideas of equality, liberty and fraternity

Napoleon came in to power in France

Napoleon Bonaparte for a short period. Napoleon played a crucial role in defeating the European alliance which was formed under the leadership of Britain against France in the post – revolution period.

He seized the power in France in 1799. Though an autocrat, he instituted several reforms in France. Napoleon was defeated by the European Alliance in the battle of Waterloo and lost his power in 1815.

Napoleon’s administrative reforms

Famers were made the owners of land	Exercised state’s control over the clergy
Formed ‘sinking fund’ with the aim to avoid public debt	Established Bank of France to centralize finance
Constructed several roads for transportation	Prepared a new code of law by codifying the existing laws

Model Questions

1. Match the following

A	B
● July 14	● The Palace of Versailles
● France	● After me, the deluge
● Mary Antoinette	● I am the state
● Louis XV	If they can’t eat bread, let them eat cake

- Write a short note on the division of French society
 - Write the circumstances which led to the ‘Tennis Court Oath’
 - Describe the results of French revolution.
 - Explain the administrative reforms of Napoleon
 - In which war Napoleon was finally defeated
 - Explain the background of the French revolution based on the following hints.
- * French society* Thinkers & their ideologies

THE RUSSIAN REVOLUTION

The circumstances that led the Russian Revolution

- Oppressive rule and backwardness of the country and misery of the people
- Farmers and factory workers in Russia led a tragic life under the autocracy of the Tzarist emperors, who ruled Russia.
- The low agricultural production affected the farmer's income. Moreover, the landless farmers had to pay huge tax.
- Though Russia was rich in natural resources, their industrial production was meager. It was the foreigners who controlled majority of the industries that existed there.
- Defeat and disgrace in the Russo-Japanese war
- Hope given by the Revolution of 1905

The workers organized a huge march at Petrograd on 9 January 1905 demanding political rights and economic reforms. The march was fired at by the soldiers and hundreds of demonstrators were massacred. This event is known as the Bloody Sunday.

- Great setback in the first world war 1914

Influence of writers and thinkers – Maxim Gorky, Leo Tolstoy, Ivan Turgenev, Anton Chekov, Kari

FEBRUARY REVOLUTION

- ❖ Worker's Organizations called the Soviets were formed all over Russia to conduct strikes.
- ❖ When the strike gained massive strength, the emperor was compelled to form a legislative assembly called Duma.
- ❖ Ignoring the protest from Duma, Nicholas II, decided to participate in the I world war a lot of Russians were killed in the war food shortage became severe women marched along the streets clamoring for bread. The workers organized protest march to Petrograde – Soldiers also joined the workers. The workers captured Petrograde. Nicholas II was thrown out of power. A provisional government was formed under the leadership of Alexander. This revolution took place in March and came to be known as the February Revolution

OCTOBER REVOLUTION

A group of Soviets did not approve the provisional government. Lenin came to Russia and strongly opposed the provisional government. He argued that the entire power should be transferred to the Soviets. The Bolsheviks and the Soviets supported him. In October 1917, the Bolsheviks organized an armed rebellion against the provisional Government. Kerensky fled from the country and Russia came under the control of Bolsheviks. This event is known as the October Revolution (as per Russian calendar)

Marx and Frederick Engels

Based on the Marxist ideologies, the Social Democratic Workers Party was formed.

Later, this party was split into the Mensheviks (Minority) and the Bolsheviks (Majority). The main leaders of the Bolsheviks were **Lenin and Trotsky** and **Alexander Kerensky** led the Mensheviks.

Social Democratic Workers Party

Mensheviks (minority)

Bolsheviks (majority)

Alexander Kerensky

Lenin and Trotsky

Duma.

Workers' organizations called "the Soviets" were formed all over Russia to conduct strikes. When the strikes gained massive strength, the emperor was compelled to form a legislative assembly called Duma.

Ignoring the protest from Duma, Nicholas II, the then Tsar decided to participate in the First World War. A lot of Russian soldiers were killed in this war.

The results of Russian Revolution

- Russia withdrew from the first World War
- Seized out the land and distributed among the peasants
- Gave importance to public sector
- Introduced centralized planning
- Achieved develops in the field of Science, Technology and Economy

- New constitution came to force in 1924.
- Union of Soviet Socialist Republic was formed by consolidating different Soviet Republics.
- Spread the Socialist ideas all over the world.

MODEL QUESTIONS

1. Write the name of world famous novel by Maxim Gorky?
2. What were the reasons for Russian society to turn against the emperors?
3. To what extent did the ideas of Karl Max and Engels influence the Russian Revolution?
4. What led to the bloody Sunday?
5. Comparison of Mensheviks and Bolsheviks activities.
6. What were the demands of the Bolsheviks during World War I?
7. Compare the February Revolution and the October Revolution?

8. What were the consequences of the October Revolution?
9. Explain the causes of the Russian Revolution
10. Analyse how the February Revolution and October revolution led to the formation of Soviet Union

Unit 2
STRUGGLE AND FREEDOM

Areas to pay more attention

<p style="text-align: center;"><u>Early Struggles of Mahatma Gandhi</u></p> <ul style="list-style-type: none"> ● The Struggle of indigo farmers in Champaran ● Ahmedabad cotton mill strike ● Peasant struggle in Kheda 	<p style="text-align: center;"><u>Non-cooperation and the Khilafat Movements</u></p> <p>Constructive programmes</p> <p>Ali Brothers</p> <p>Active participation of Muslims</p> <p>Chouri Choura</p> <p>The first popular protest</p>
<p style="text-align: center;"><u>Poorna Swaraj and Civil Disobedience</u></p> <p>Lahore session of the INC</p> <p>The Second popular protest</p> <p>Disobey all anti-popular and anti-democratic civil laws</p> <p>Salt as a power ful weapon</p> <p>Salt Sathyagraha</p>	<p style="text-align: center;"><u>The British Quit India</u></p> <p>National Congress held in Bombay 1942</p> <p>The last popular protest</p> <p>British government suppressed the movement</p>
<p>Subhash Chandra Bose</p> <p>Alternative Paths – Forward Bloc – INA – Jhansi Regiment – Hoisted Indian flag in Imphal</p>	

EARLY STRUGGLES OF MAHATMA GANDHI

Year	Struggle	Place	Impact
1917	The struggle of Indigo farmers in Champaran	Bihar (Causes problems of Indigo farmers and large tax rate)	Compelled the authorities to pass the laws in favour of the Indigo farmers.
1918	Ahmedabad cotton mill strike	Gujarat (Causes – low wages) (Plague bonus)	The authorities agreed to hike the wages of employees
1918	Peasant struggle in Khedha	Gujarat (Causes – compelled to pay tax at the time of drought and crop failure)	Authorities forced to reduce tax rates

The results of the early struggles that Gandhiji took up in India.

- The struggles he took up popularized his ideologies and method of protest.
- Till his entry into the political scenario, national movement was confined to the educated section of the society. His methods of protest attracted the laymen to the movement
- The city centric national movement spread to rural areas.
- Gandhiji became a national leader acceptable to all strata of the society

Towards the National Movement

1-1920-Non-cooperation and the Khilafat Movements	2-1930- Poorna Swaraj and Civil Disobedience	3-1942- The British Quit India
---	--	--------------------------------

Non – cooperation and the Khilafat Movements

The characteristics of non-cooperation policy adopted by Mahatma Gandhi

Lawyers shall boycott courts	The public shall boycott foreign goods
Boycott elections	Returning the British awards and prizes
Denial of taxes	Students shall boycott English schools
How the Indian society responded to Gandhiji's appeal for non-cooperation	
Farmers in Awadh refused to pay taxes	
The tribal groups in northern Andhra entered the forests and collected the forest produce violating the forest laws.	
Farmers in Uttar Pradesh refused to carry the luggage of the colonial officials	

Workers struck work.
Lawyers boycotted courts.
Students quitted colleges and schools run by the British.
The public, including women, burnt foreign clothes on the streets

What were the constructive programs done during the Non-Co-operation movement?

People began to make indigenous products, spin khadi cloth using Charka, establish national schools and popularize Hindi.

Kashi Vidya Pith Gujarat Vidya pith, Jamia Millia, etc. are some of the national

educational institutions started during this time.

Students who boycotted English education were attracted to national educational institutions.

Khilafat Movement

Khilafat leaders	Maulana Mohamad Ali	Maulana Shoukath Ali
By declaring the Khilafat Movement as a part of Indian national movement, Gandhiji ensured active participation of Muslims in the freedom struggle.		
He travelled across India with Khilafat leaders and propogated his ideologies.		
Gandhiji supported the Khilafat movement – Why?		
Results – Anti-British feeling spread to the nook and corner of the nation.		
Hindu-Muslim unity was intensified		

Stopping the non-cooperation movement 1922

In response to the police firing at a mob, at Chouri Choura in Uttar Pradesh the villagers set ablaze the police station and 22 policemen died. This incident disappointed Gandhiji. So, he called for stopping the non cooperation movement

Poorna Swaraj and Civil disobedience 1930

The second national level struggle by the Indian National Congress under the leadership of Mahatma Gandhi.

The Lahore session of the Indian National Congress held in 1929 under the chairmanship of Jawaharlal Nehru was a turning point in the history of freedom movement in India.

Resolutions Lahore Congress

The session declared that the ultimate aim of Indian freedom struggle was to attain complete freedom (Poorna Swaraj) for the country

It also resolved to start the civil disobedience movement under the leadership of Mahatma Gandhi

Civil disobedience

According to Gandhiji to disobey all anti - popular and anti – democratic civil laws made by the British government

Gandhiji's Proposals

To lift salt tax	To declare 50% tax relaxation for farmers
To increase the tax on imported foreign clothes	To release political prisoners
To cut short military budget and high salary of top officials	To dissolve the secret surveillance wing formed to watch Indians
To start coastal shipping service	To implement prohibition of liquor

Why did Gandhiji select salt as a powerful weapon against the British?

- Salt tax constituted two fifth portion of the income collected by the British through taxes.
- This tax was a heavy burden for the poor people.
- The British government banned small scale indigenous salt production.
- There was three fold hike on salt price.
- The demand for lifting salt tax was a slogan suitable to inspire all segments of the society.

People in various parts of the country started to produce salt

Dandi in Gujarat	Payyannur in Kerala
Vedaranyam in Tamil Nadu,	Bombay in Maharashtra
Noakhali in Bengal	North West Frontier Province
Dharasana salt field in Gujarat – Sarojini Naidu	

The British Quit India 1942

The Quit India (to force the British to leave the country) movement was the last

popular protest organized by the Indian National Congress under the leadership of Gandhiji

The factors that caused Quit India Movement

Subhash Chandra Bose (Netaji)

Subhash Chandra Bose was an Indian nationalist whose defiant patriotism made him a hero in India. Bose followed Jawaharlal Nehru to leadership in a younger wing of the Indian National Congress, one that was less moderately constitutional in the late 1920s and more open to socialism in the 1930s.

At various stages of the national movement, Subhash Chandra Bose expressed his difference of opinion on Gandhian ideas of struggle. Quitting the Congress he formed a political party called **Forward Bloc**.

He took the charge of the Indian National Army (INA) formed by Rash Bihari Bose to attain freedom for India. He formed a **provisional government** free India in Singapore, with the aim of forcing the British to quit India.

The Indian National Army had a women wing called the **Jhansi Regiment Captain Lekshmi**, a Keralite, was in-charge of this regiment.

With the support of the Japanese army the Indian National Army marched to the east west border of India and hoisted Indian flag in Imphal.

Model questions

1. Match the following

A	B
Champaran Satyagraha	Plague Bonus
Ahmedabad cotton mill strike	British reduce tax rates
Kheda Satyagraha	Indigo farmers

2. What were the results of Gandhiji's early struggles in India?
3. What were the instructions given by Gandhiji during the non-cooperation movement?
4. Write three examples of people following Gandhiji's instructions during the non cooperation movement?
5. The non cooperation movement was both a boycott and a constructive activity at the same time. Elucidate
6. Who started the Khilafat movement? Why did Gandhiji support the Khilafat movement?
7. Who was the Chairman of the Lahore Congress session
8. Which session was declared aim of Indian freedom struggle was Poorna Swaraj?
9. What were the instructions given by Gandhiji during the Salt Satyagraha?
10. Who led the Dharasana Salt Satyagraha?

11. What was the circumstance of Gandhiji telling the British to quit India?
12. What message did Gandhiji give to the people during the Quit India Movement?
13. Explain Netaji's role in Indian independence movement?
14. Evaluate Gandhiji's role in the Indian Independence Movement on the basis of the following hints?

1920 – Non – cooperation and the Khilafat Movements	1930 – Poorna Swaraj and Civil Disobedience	1942-The British quit India

15. Briefly describe the struggles of Gandhiji in India from 1917 to 1922?

Unit 3 INDIA AFTER INDEPENDENCE

Areas to pay more attention to this unit

Integration of Princely States	Achievements in Science and Technology
Education	Foreign Policy

Integration of Princely States

There were around six hundred princely states in pre-independent India, in addition to the territories directly ruled by the British.

Britain gave these princely states the options to join either India or Pakistan or to be independent.

Integration of these princely states into the Indian Union was another challenge before the new nation.

The integration was really a herculean task and **Sardar Vallabhbhai Patel** as the Union Minister entrusted with this mission. He appointed **V.P. Menon** a Keralite, as Secretary of the Department of States.

Patel and V.P. Menon prepared an **Instrument of Accession** which stipulated that the princely states had to transfer their control over defence, external affairs, and information and communication to the Government of India.

Following the diplomacy of the government and popular protests, majority of the princely states signed the Instrument of Accession and joined Indian Union.

But some states such as **Hyderabad, Kashmir and Junagarh** resented. Finally they were also integrated into the Indian Union through conciliation talks and military intervention

Following mass protest, **France** handed over its territories to India. Territories under

the control of **Portugal** were accessed to India through military operations.

Country	Suzerainties	Year of Accession
● France	● Pondicherry, Karaikkal, Mahe and Yanam	● 1954
● Portugal	● Goa, Daman and Diu	● 1961

Achievements in Science and Technology

Technology and technocrats have played a significant role in her development in agriculture and industry.

Under the leadership of Jawaharlal Nehru India made great achievements in science and technology and established several research institutions for the development of science and technology.

- Council of Scientific and Industrial Research (CSIR)
- Indian Council of Agricultural Research (ICAR)
- Indian Council of Medical Research
- H.J Bhabha was the head of Tata Institute of Fundamental Research and Indian Atomic Energy Commission.
- Five Indian Institutes of Technology (IITs) were started between 1954 and 1964.
- India made tremendous progress in medical science, biomedical engineering, genetics, biotechnology, health science, marine technology, information technology, atomic energy and transportation.

Space Research in India

Vikram Sarabhai

Indian National Committee for Space Research (INCOSPAR)

Indian Space Research Organization (ISRO) 1969

The first rocket-launching station in India was established in Thumba, near Thiruvananthapuram

The first satellite Aryabhata was successfully launched in 1975.

There are several agencies that develop satellites in India now (National Remote

Sensing Agency(NRSA). Physical Research Laboratory (PRL)

Agni and Prithwi are the missiles

Chandrayan (Lunar Mission) and Mangalyan (the space mission of India to Mars)

Education

Recognising the importance of education in nation building, our national leaders framed indigenous education policies suitable to Indian context.

- The Government appointed various commissions to study Indian education and to submit recommendations

Commissions	Objectives	Recommendations
Radhakrishnan Commission (1948)	To study university education	<ul style="list-style-type: none"> ● Start professional educational institutions ● Give emphasis to women education ● Form the University Grants Commission (UGC)
Lakshmana Swami Mudaliar Commission (1952)	To study secondary Education	<ul style="list-style-type: none"> ● Implement three language formula ● Form Secondary Education Commission <p>Establish multi-purpose schools</p> <p>Form a council for teacher training</p>
Kothari Commission (1964)	To propose a national Pattern of education	<p>Implement 10+2+3 pattern of education</p> <p>Start Vocational education at secondary level</p> <p>Focus on value education.</p>

National Policy on Education 1986	To prepare India to face the challenges of the new millennium	<p>Focusing on primary and continuing education.</p> <p>Launching Operation Blackboard Programme to universalize primary education and to improve infrastructure facilities in schools.</p> <p>Starting Navodaya Vidyalayas in every district. Encouraging girls' education</p>
In 2009 Government of India enacted a law by which education became a fundamental right.		
Sarva Siksha Abhiyan and Rashtriya Madhyamik Siksha Abhiyan introduced by Union Government, are joined together and implemented as Samagra Sikhsha Abhiyan on 2018 onwards		

Foreign Policy

Free India adopted the foreign policy framed by the Indian National Congress during the struggle for independence.

Nehru is the chief architect of the foreign policy of India.

Main principles of India's foreign policy are:

- Resistance to colonialism and imperialism
- Hostility to racism
- Trust in the United Nations Organization
- Peaceful co-existence
- Panchsheel principles
- Emphasis on the necessity of foreign assistance
- Policy of Non - alignment

Panchsheel Principles

Signed by Jawaharlal Nehru and Chou En-lai the then Prime Minister of China in 1954

- Mutual respect for each other's territorial integrity and sovereignty
- Mutual non-aggression
- Mutual non-interference in each other's internal affairs
- Equality and cooperation for mutual benefit
- Peaceful co-existence

Model Questions

1. Post – Independence India started several institutes for the advancement of science. Write two examples of any of them
2. Which princely states refused to join the Indian Union?
3. Which European countries had colonies in India after independence? Make a list of the occupied territories and the year they were annexed to India from those countries.
4. Explain the situation where the integration of princely states has become a difficult challenge in independent India.
5. How the integration of princely states was possible in Independent India
6. What are the achievements of post – independence India in the field of science and technology?
7. List the Education Commissions, Objectives and Recommendations Appointed in Post Independent India
8. In which years were national education policies introduced in independent India?
9. Explain the major features of National Policy on Education 1986.
10. What are the key principles of India's foreign policy?
11. Who were signed Panchsheel Principles? Write 5 principles
12. Make a list of the fundamental principles of India's foreign policy

Unit 4

SEASONS AND TIME

What are the reasons for the occurrence of seasons

Why seasons causes?

- Revolution of Earth
- Tilt of Earth's axis
- Apparent movement of the sun

What is revolution of Earth

The earth revolves around the sun in an elliptical orbit.

This is known as revolution of Earth

What is the parallelism of Earth's axis

The Earth maintains tilt of axis throughout its revolutions. This is known as the parallelism of the Earth's axis.

What is apparent movement of Sun?

The movement of sun in between Tropic of cancer ($23\frac{1}{2}^{\circ}$) and Tropic of capricorn ($23\frac{1}{2}^{\circ}$)

- The angle of the earth is 360°
- The time taken to complete one revolution 365 $\frac{1}{4}$ days or one year.
- The time taken to complete one revolution 24 hrs or one day.
- The difference between Indian time and Greenwich time
Indian time is 5 hrs 30mts a head of Indian time.

Seasonal changes are not usually very obvious in the tropical regions because of the incidence of large amount of Sun's rays throughout the year. Characteristics of different seasons are clearly felt in the mid latitudinal or temperate zones

Nature at Day & Night

Date	Position of the Sun	Day	Northern hemisphere	Southern Hemisphere
March 21	Above the Equator (0°)	Equinox	Equal day & night	Equal day and night
June 21	Above the Tropic of Cancer ($23\frac{1}{2}^{\circ}$ N)	Summer Solstice	Longer day Shorter night	Shorter day Longer night
December 22	Above the Tropic of Capricorn ($23\frac{1}{2}^{\circ}$ S)	Winter Solstice	Shorter day Longer night	Longer day Shorter night

Indicate the days of Equinoxes, Summer Solstice and Winter Solstice in the above picture by drawing the sun

The facts associated with rotation

- ☐ The Earth rotates from west to east
- ☐ It takes 24 hours to complete one rotation
- ☐ As the Earth rotates from west to east, the Sun rises in the east.

Local Time

- ☐ The time estimated at each place, based on the position of the Sun, is termed as the local time – 12 Noon – Apex position of the Sun

The time required to complete a 360° rotation is 24 hours

The time required to complete a 360° rotation is 24 hours.
On converting 24 hours into minutes 24 x 60 = 1440 minutes
That is, the time required for the completion of one rotation = 1440 minutes
The time required for the Earth to complete the rotation of 1 st longitude is 1440/360 = 4 minutes.
The time required for the rotation of 15° longitudinal area is 15x4 = 60 minutes (1 hour)
15° longitudinal area of the Earth passes by the Sun within a period of one hour.
The time required for the rotation of 7 1/2° longitudinal area is 7.5 x 4 = 30 minutes (1/2 hour)
82.5 degree X 4 = 330 minutes i.e. 330/60 = 5.5hours, (5 1/2 hour)

11AM 11.56am Noon 12.4pm 1PM

As the Earth rotates from west to east, time advances towards the east and recedes towards the west.

What is Greenwich time (GMT)

The zero degree longitude is known as the Greenwich Meridian

Time is calculated worldwide based on the Greenwich Line.

The local time at the prime meridian is known as the Greenwich Mean Time

1. The local time at the standard meridian
2. The standard meridian generally passes through the middle of the country

What is Standard time

Each country in the world considers the longitude that passes almost through its middle as the standard meridian.

The countries with large longitudinal extent estimates more than one local time by considering more than one standard meridian.

The local time at the standard meridian is the standard time of that country

Indian Standard Time (IST:- 82½ °E)

- The 82½°E longitude which passes almost through the middle of these longitudes has been fixed as the standard meridian of India.
- The local time along this longitude is generally considered as the Standard Time of India. This is known as the Indian Standard Time.
- The difference between the Indian Standard Time and the Greenwich Mean Time is 5½ hours. (5 hours 30 minutes)

What is International Date Line

- 180° longitude. 180° longitude to the east and west of Greenwich.
- To avoid 24 hours difference adjustments have been made avoiding the land areas along the 180° longitude.
- It passes only through ocean (the Bering Strait in the Pacific Ocean)
- The lines fluctuated.
- Travellers gain or loss a day on crossing this line. There ends today and begins another day.

Model Questions

1. What is the season in Southern Hemisphere when summer is in Northern Hemisphere?
A) Spring B) Autumn C) Winter
2. Find the correct order of the seasons given below
A) Winter, Spring, Summer, Autumn
B) Spring, Autumn, Summer, Winter
C) Winter, Summer, Spring, Autumn
3. What time is it at 1 Degree west when it is 1 PM on Zero degree longitude
4. Explain – Local time, Greenwich Mean Time and International Date Line

UNIT – 5
INDIA THE LAND OF DIVERSITIES

Areas to pay more attention

In the Himalayas- Trans Himalayas, Himalayas, Eastern Highlands	Significance of the Northern Mountains	Himalayan rivers	The Peninsular Plateau
Peninsular rivers	Western coastal plain	Eastern coastal plain	Map-Mountain ranges, Rivers, plateaus

In the Himalayas

Physiography

Write the physiographic divisions of India

- The Northern Mountain Ranges
- The Northern Great Plain
- The Peninsular Plateau
- The Coastal Plains
- The Islands

Which is the highest peak in India – Mount K₂

Trans Himalayas – Mount K₂ (8661m) / Godwin Austin – The highest peak in India Himalayas – 5 lakhs square kilometers – Three Parallel Mountain Ranges

Give the divisions of Himalayas?

HIMADRI	HIMACHAL	SIWALIKS
The Highest Mountain range	Situated to the south of Himadri	Situated to the south of Himachal
Average altitude is 6000 metres	Average altitude is 3000 metres	Average altitude is 1220 metres
Origin of the Rivers Ganga and Brahmaputra	The hill stations like Shimla, Darjiling etc. are situated in the southern slopes of the ranges	As the Himalayan Rivers cut across the ranges, its continuity breaks at many places
Has a number of peaks above 8000 metres		Broad flat valleys seen along these Ranges are called Duns (eg: Dehradun)
Kanchanjanga (Sikkim)		

Eastern Highlands – Altitude of 500 to 3000 metres

Patkai Bum	Naga Hills	Gharo, Khasi and Jaintia Hills
Boundary between Arunachal and Myanmar		Chirapunji is in Khasi (Meghalaya)

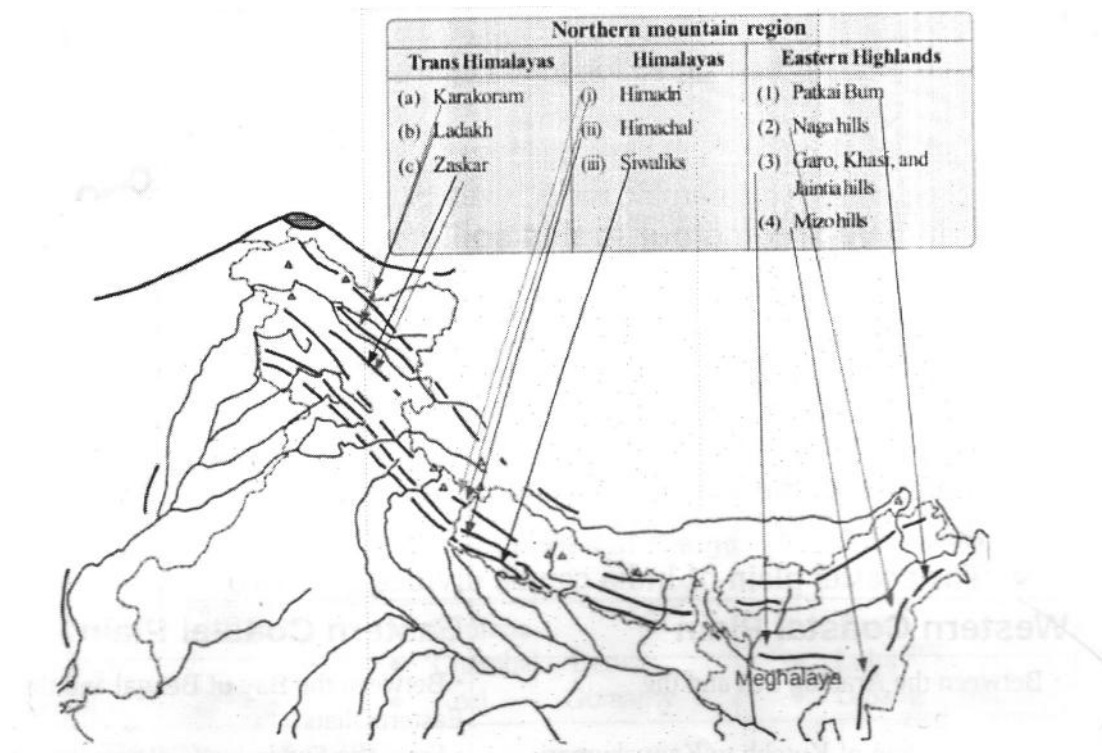

Explain Human Life in the lap of Himalayas

- Sheep are commercially reared in Kashmir and Himachal.
- The valleys of Siwaliks have been formed by the deposition of alluvium brought down by the Himalayan rivers.
- Apart from potato, barely, and saffron, fruits like apple and orange are cultivated here.
- The largest production of tea in India comes from Assam mountain ranges.
- Hill stations like Simla, Darjeeling, Kulu, Manali, etc. are situated here.

Write the Significance of the Northern Mountains

Source of rivers

- Tourism
- Pilgrimage
- Agriculture
- Minerals
- Block the monsoon winds and cause rainfall throughout North India.
- Have been protecting us from foreign invasions from the north since ancient times.
- Prevent the dry cold winds blowing from the north from entering India during winter.
- Caused the emergence of diverse flora and fauna.

The Peninsular Plateau

What are the features of Peninsular Plateau?

- Origin of Peninsular rivers
- Entire portions of Madhya Pradesh, Jharkhand and Chhattisgarh as well as parts of Maharashtra, Karnataka, Tamil Nadu, Telengana, Odisha and West Bengal together form a plateau known as the peninsular plateau.\
- The peninsular plateau made of hard crystalline rocks forms the oldest and the most extensive physical division of India.
- It extends about 15 lakh square kilometers
- The highest peak in this region is the Anamudi (2695 m) (Idukki). Known as the store house of minerals. It includes Malwa Plateau, Deccan plateau, Chotta Nagpur Plateau, Aravalli, Eastern Ghats, Western Ghats, Ran of kutuch, Kathiawar, Vindhya, Satapura.
- Contain black soil, red soil and laterite soil.

The Peninsular Plateau – vegetation

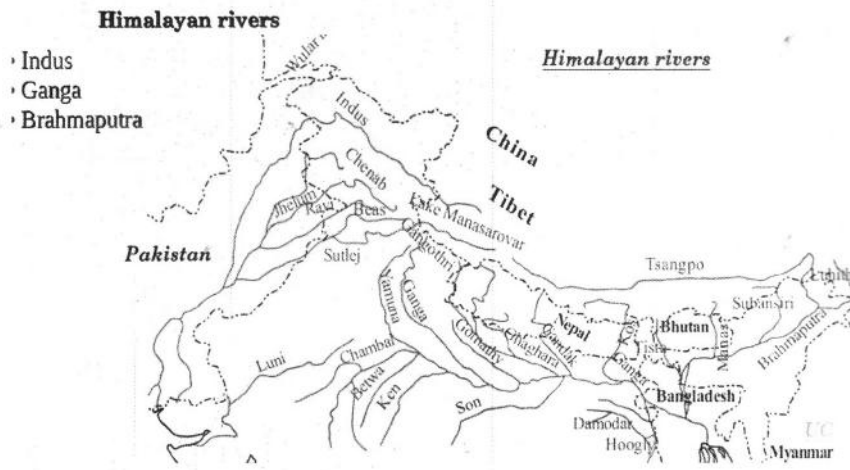

- The major vegetation of this region receiving seasonal rain is tropical deciduous.
- The trees found in this region are teak, sal, sandalwood, bamboo, etc. But the rainy western slopes of the Western Ghats have tropical rain forests.

Which soil type is known as cotton soil – Black soil

Coast line

- The approximate length of this coast line is 6100 kilometres extending States from the Rann of Kutchh in Gujarat to the Ganga – Brahmaputra delta.
- The coastal plain of India can be divided in to two

Western Coastal Plain	Eastern Coastal Plain
<ul style="list-style-type: none"> ● Between the Arabian Sea and the Western Ghats ● From the Rann of Kutchh to Kanyakumari ● Comparatively narrow ● Can be divided into Gujarat coast Konkan coast, and Malabar coast ● Back waters and estuaries are seen ● Influence of south-west monsoon is more 	<ul style="list-style-type: none"> ● Between the Bay of Bengal and the Eastern Ghats ● From the Sundarban delta region to Kanyakumari ● Comparatively wide ● Can be divided into north Zircar plain and Coromandal coast ● Delta formation takes place ● Influence of north-east monsoon is more

Himalayan rivers

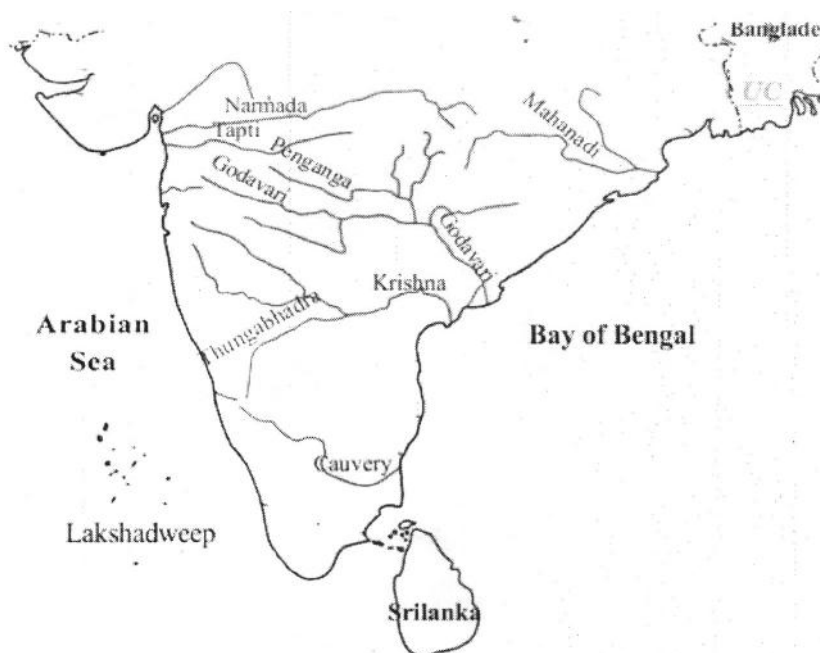

Himalayan Rivers	Origin	Length	Tributaries	States through which it flows	Sea which it joins
Indus	Manasa sarowar lake in Tibet	About 2220km (only 709km of this River flows through India)	Jhelum	Jammu & Kashmir Punjab	Arabian Sea
Ganga	Gaumugh caves in the Gangotri glacier	About 2500Km Longest Himalayan Range	Yamuna	Uttarkhand Bihar UP Jharkand West Bengal	Bay of Bengal
Brahmaputhra	Chema-yung- dung glacier in Tibet	About 2900 Km (only 725Km in India)	Tista	Arunachal pradesh Assam	Bay of Bengal

Indus Tributaries	Tributaries of Ganga	Tributaries of Brahmaputhra
<ul style="list-style-type: none"> ● Jhelum ● Chenab ● Satlaj 	<ul style="list-style-type: none"> ● Yamuna ● Chambal ● Betwa 	<ul style="list-style-type: none"> ● Tista ● Lohit ● Dibang ● Subansiri

	● Kosi	
	● Gomathy	

The Peninsular rivers

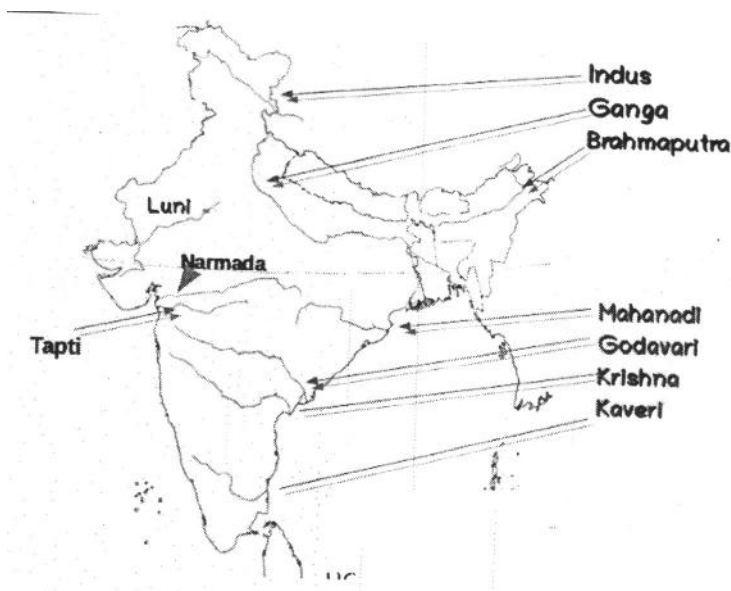

West flowing rivers	East flowing rivers
<ul style="list-style-type: none"> ● Narmada ● Tapi 	<ul style="list-style-type: none"> ● Mahanadi ● Godavari ● Krishna & Kaveri

River	Origin	Length	Major Tributaries	States Through Which it flows	Sea which it joins
Mahanadi	Maikala Ranges (Chattisgarh)	857Km	lb, Tel	Chattisgarh Odisha	Bay of Bengal
Godavari	Western Ghats (Nasik district of Maharashtra)	1465Km	Indravati Sabari	Maharashtra Karnataka Telengana Andrapradesh Chattisgarh	Bay of Bengal
Krishna	Western	1400Km	Bhima Thungabadra	Maharashtra	Bay of Bengal

	Ghats (Mahabaleswar in Maharashtra)			Karnataka Telengana Andrapradesh	
Kaveri	Brahmagiri Ranges in Western Ghats (Karnataka)	800Km	Kabani Amaravati Bhavani	Karnataka Tamil Nadu	Bay of Bengal
Narmada	Maikala Ranges (Madhyapradesh)	1312Km	Hiran Banjan	Madhyapradesh Maharashtra Gujarath	Arabian Sea
Tapati	Muntai Plateau (Madhyapradesh)	724Km	Anar Gima	Madhyapradesh Maharashtra Gujarath	Arabian Sea

- The longest Peninsular river – Godavari
- Godavari is the **Longest among the Peninsular Rivers.**
- Waterfalls are common in most of the Peninsular Rivers.
The Highest among these is the **Jog Falls (225 metres)** in the **Sharavati River in Karnataka**

Rivers Comparison

Himalayan Rivers	The Peninsular Rivers
<ul style="list-style-type: none"> ● Originate from the Himalayan Mountain Ranges ● Intensive Erosion ● Extensive catchment area ● Create gorges in the mountain region and Meandar in Plains ● High Irrigation potential ● Navigable along the plains ● These rivers receives water both from the Monsoon and snow melt 	<ul style="list-style-type: none"> ● Originate from the mountain ranges in the Peninsular Plateau ● Comparatively smaller catchment area ● Intensity of the erosion is less ● Do not create deep valleys as they flow through hard and resistant rocks ● Less irrigation potential ● Potential for in land navigation is less ● These rivers receives water only from the Monsoon

Some major towns and cities situated along the banks of the rivers

New Delhi – Yamuna	Agra – Yamuna	Devaprayag - Ganga
Varanasi – Ganga	Allahabad – Ganga	Patna – Ganga
Guwahat -	Kolkata – Hugli	Ludhiana – Satlej
Bhrahmaputhra	Ahmedabad – Sabarmati	Surat – Tapti
Srinagar – Jhelum	Thiruchirappalli – Cauvery	Tanjavur – Cauvery
Coorg - Cauvery		

Model Questions

1. Which is the tallest peak in the Karakoram Range
(A. Mount K2, B. Mount Everest, C. Kanjan janga)
2. Which of these is not a part of the Eastern Hills
(A. Khasi, B. Patkai Burn, C. Satpura)
3. The tributary of the Ganges
(A. Jhalam, B. Yamuna, C. Tista)
4. The river originates from Brahmagiri in the Western Ghats
(A. Narmada, B. Mahanadi, C. Kaveri)
5. Find the incorrect statement
(A. The eastern coastal plain lies between the Bay of Bengal and the Eastern Ghats
B. The eastern plain stretches from Sundarbans to Kanyakumari
C. The eastern coast lies between the Arabian Sea and the Western Ghats)
6. Write 3 importance of the northern mountain region
7. Write the features of the Deccan Plateau

8. Make a brief note of human life on the plains
9. Compare Himalayan Rivers and Peninsular Rivers
10. Mark the following in the outline of India provided
(A. Khasi, B. Thapti, C. Aravalli, D. Chotta Nagpur)

**Unit 6
Public Administration**

Areas to pay more attention

Public Administration	Importance of Public Administration
Features of Bureaucracy	Indian Civil Service
E-Governance	

The definition of N. Gladden

Public Administration is concerned with the administration of the government.
<p>What is public administration</p> <p>Public administration is governmental administration. Public administration is the effective utilization of men and materials for the implementation of existing laws, governmental policies, programmes and developmental projects. Governmental institutions are part of public administration</p>

Governments try to find solutions to various problems and ensure the welfare of the people through public administration

What is the importance of Public Administration

Formulate governmental policies	Ensure welfare of the people
Provide goods and services	Find out solutions to public issues

<p>Gandhiji opined that public administration should consider the poorest and weakest specially and protect them.</p> <p>Gandhiji's concept of Grama Swaraj influenced India's outlook of public administration to a great extent. Local government institutions were constituted on this basis.</p>
--

What is bureaucracy

<p>The bureaucracy is the body of officials who administer and govern the country.</p> <p>The employs who work under public administrative system and administer the country are known as bureaucracy</p>

What are the features of bureaucracy

Hierarchical organization	Bureaucracy is organized in which there is one employee at the top its number increases at the lower levels. This is known as Hierarchical Organization.
Permanence	The persons appointed will continue in service till the age of retirement
Appointment on the basis of qualifications	Employees are appointed on the basis of educational qualification
Political Neutrality	Bureaucrats are liable to implement the policies of whichever party comes to power. Party interest should not be reflected in their work. They should act neutrally
Professionalism	Every Government Employer should be skilled in their work

Indian Civil Service

All the employees who work under the central and State Governments and employees under the public sector undertaking are part of India's Civil Service

Classification of Indian Civil Service

<p>All India Services</p> <ul style="list-style-type: none"> ● Recruits at national level ● Appoints in central or state service <p>Eg: Indian Administrative Service, Indian Police Service</p>	<p>Central Services</p> <ul style="list-style-type: none"> ● Recruits at national level ● Appoints in central government departments only <p>Eg: Indian Foreign Service, Indian Railway Service</p>	<p>State Service</p> <ul style="list-style-type: none"> ● Recruits at national level ● Appoints in state government departments only <p>Eg: Sales tax officer</p>
--	---	---

Difference between UPSC and PSC

UPSC	PSC
● Candidates to all India services and central services are recruited by the Union Public	● At the state level, candidates are recruited by the Public Service Commission of the stage

<p>Service Commission</p> <ul style="list-style-type: none"> ● The chairman and the members of this commission are appointed by the President India. ● The UPSC has elaborate mechanisms for the recruitment of candidates based on qualification 	<p>(KPSC – Kerala Public Service Commission)</p> <ul style="list-style-type: none"> ● The Governor appoints the chairman and the members of the state public service commission ● Recruitments of candidate based on qualification.
--	--

Why UPSC and PSC are constitutional institutions

UPSC and State PSC's are constituted on the basis of constitutional provisions. So they are called constitutional institutions.

Administrative Reforms

The steps taken by the Government for increasing the efficiency of the services and to provide service to people in a time bound manner

What is E-Governance

- E-Governance is the application of Electronic Technology in administration
- It helps to obtain Government Services easily in speedy manner
Eg:- Single window system for Higher Secondary Admission (HSCAP),
Online application for various scholarships, Akshaya Centres

What are the benefits of E-Governance

- Can receive the service with the help of information technology.
- Need not to waiting Government Offices for services
- Government Services offered speedily with low cost
- Efficiency of the offices and the quality of the services get enhanced

Model Questions

1. What is public administration?
2. Whose statement is "public administration is concerned with the administration of government administration"?
3. What is the difference between monarchy and democracy in public administration?
4. Who contributed the concept of Gramaswaraj?
5. What bureaucracy and explain its characteristics?
6. Make a note of the bureaucracy in India
7. Compare the Union Public Service Commission and Public Service Commission of the State?
8. What is E – Governance? Write the benefits of E-Governance

Unit 7
HUMAN RESOURCE DEVELOPMENT IN INDIA

Main Concepts

- Human resource – its importance
- Human resource development (HRD) – different levels of HRD-
- Qualitative aspects of human resource
- Education and HRD – Literacy rate – Education and skill development programmes – Problem faced in the sector
- Health care and HRD – its importance and institutions

Human Resource

Human resource refer to people who have the man power which can be utilized in production sector

Human Resource Development

Human resource can be developed through education, health care and training

Different levels of Human Resource Development

Individuals – take efforts to develop their skills

Family –creates environmental for the development of individual potentiality

Institutions and Agencies Facilities for education and training

Nation – Necessary facilities for the people to develop their skill

Features of Human Resource

Quantitative features	Qualitative features
<ul style="list-style-type: none"> ● Population size ● Population growth (Birth rate & Death rate) ● Population structure (Age structure, Sex Ratio, Labour orce participation rate, Dependency Ratio) 	<ul style="list-style-type: none"> ● Education (Literacy Rate) ● Health care (Life Expectancy)

The qualitative factors that improve labour potential

Education capital.

Health care

Training

Social

Advantages of developing Human Resource

- Productivity of work increases
- Reduces economic inequality
- Efficient utilization of natural resources
- Utilization of advanced technology improvement in entrepreneurship

Education and Development of Nation

- Improve skill of the individual
- Better the technological know – how
- Helps to secure better job and income
- Improves the standard of living

The projects implemented in India to develop education and skills

Sl. No	Projects	Goals
1	ICDS (Integrated Child Development Scheme)	<ul style="list-style-type: none"> ● To ensure integrated development of children up to 6 years ● To provide health care for pregnant and lactating woman
2	SSA (Samagra Shiksha Abhiyan)	<ul style="list-style-type: none"> ● To ensure Universal Education up to Higher Secondary Level ● To ensure equality and equity ● To promote vocational education
3	RUSA (Rashtriya Uchthal Siksha Abhiyan)	<ul style="list-style-type: none"> ● To increase access to Higher Education ● To improve the quality of Higher Education
4	National skill Development and Monetary Reward Scheme	<ul style="list-style-type: none"> ● Improve the working skills of the youth and ensure the availability of the people with employeable skills

The problems exists in Indian Educational Sector

- Drop out of the students from certain sections even without completing primary education
- In availability of basic facilities in educational sector
- Quality of education has to be improved

Right to Education Act (RTE Act 2009)

- Passed in 2009
- Aim – ensure the goal of elementary education to all
- Education became a fundamental right.

Healthcare

According to WHO, health is a state of physical, mental and social well being.

Healthcare and the progress of nation

- Healthy individuals increases the production with efficiency.
- Efficient utilization of natural resources
- Medical expenses can be reduce and so reducing the expenditure of the Government
- Economic development is possible through increasing production

The facilities to be ensured for the health care of the society

- Availability of nutritious food
- Availability of clean water
- Preventive measures
- Cleanliness
- Medical facilities
- Ensuring the leisure and entertainment
- Healthy environment

Institutions that work at different levels in the medical sector to ensure the health care of society

- Medical Colleges
- District Hospitals
- Community Health Centres (CHC)
- Primary Health Centres (PHSC)
- Health Sub Centres

The different systems of medicine available in India

- Allopathy (English Medicine)
- Ayurveda
- Yoga
- Yunani
- Sidha
- Homeopathy

Difference between NRHM & NUHM

- NRHM (National Rural Health Mission) – Operate in rural sector to provide quality service to all.
- NUHM (National Urban Health Mission) – Provide health service to the residence of urban slums and in small towns having population more than 50,000.

Meaning of Life Expectancy

Life expectancy refers to the average years of life of a person lives

Model Questions

1. What is human resource?
2. How can human resource be developed
3. What are the different levels of human resource development?
4. What are the qualitative factors that improve the labour potential?
5. Social welfare is ensured through developing human resource. Explain
6. What are other major advantages of developing human resource?
7. How does education help in a countries development? Prepare a flow chart.
8. The following are some of the projects implemented in India to develop education and skills.

PROJECTS	GOALS
ICDS	
SSA	
RUSA	
National Skill Development and Monetary Reward Scheme	

9. What are the existing problems in Indian education sector?
10. By which act the Indian constitution ensured the goal of 'elementary education to all'?
11. What is the definition of health according to WHO?
12. How a healthy person can participating in the progress of nation?
13. List of the facilities to be ensure for the health care of society?
14. Differentiate between NRHM and NUHM?
15. What is Life Expectancy?
16. The Government has set up institutions that work at different levels in the medical sector to ensure the health care of the society.
17. Draw a Flow Chart
